

FOR IMMEDIATE RELEASE:

VANAIR EXPANDS MANUFACTURING FACILITIES

Michigan City, Indiana, August 8, 2011 - To meet the demand of continued growth, Vanair Manufacturing is adding an additional 30,000 sq ft of manufacturing space to its Michigan City facility. The current 60,000 sq ft facility was built in 2008 and was designed for future expansion.

Ralph Kokot, Chief Executive Officer of Vanair, stated, "The expansion will increase our capacity to support the growing demand for our products, as well as continue to position us to expand our current market base."

Construction is scheduled to break ground in August 2011 with completion by year's end.

Since 1972, Vanair has been the industry's Mobile Power Experts. Today, it is the world's largest manufacturer of powerful, lightweight and compact vehicle-mounted air compressors, generators, welders, battery boosters and Air N Arc® All-In-One Power Systems®.
