

# AIR N ARC® 200

## Perfect Machine for Medium to Heavy Industrial Work

The Air-N-Arc® 200 offers the power you need for all your mobile workshop needs, such as: electrical for most power tools, air with maximum continuous capacity of 1" impact wrench and welding for medium to heavy industrial repair, 200 amp at 100% duty cycle.

### SPECIFICATIONS

|                                  |   |
|----------------------------------|---|
| <b>Engine</b>                    | 25 HP EFI Kohler  |
| <b>Compressor Type</b>           | Reciprocating   |
| <b>Generator Wattage</b>         | 5,000 continuous watts pure sine power 120V/240V        |
| <b>Welder Amperage</b>           | 200 amps high frequency CC/DC, CV/DC at 100% duty cycle |
| <b>Battery Charger</b>           | 300 amps 12V charge and 12V/24V boost                   |
| <b>Max Pressure (psi)</b>        | 175   |
| <b>CFM Rating</b>                | 24 cfm  |
| <b>Air Storage Capacity</b>      | 30 gallon or Remote Tank                                |
| <b>Drive System</b>              | Dual V-belt/serpentine                                  |
| <b>Fuel Capacity (gal)</b>       | 12  |
| <b>Weight (lbs.)</b>             | 500-725   |
| <b>Dimensions (Skid - in.)</b>   | 23.125W x 47.5L x 27H                                   |
| <b>Dimensions (30 gal - in.)</b> | 24W x 47.5L x 43H                                       |

Product improvement is a continuing goal. Design and specifications are subject to change without notice or obligations.

## **SPECIAL FEATURES**

- Pure sine generator for safe running of delicate equipment
- TRUE 2 generator system for safe multi-function of welder and electric tools
- All the benefits of a high frequency welder offering excellent weld characteristics - 100% duty cycle
- CV MIG capability
- One unit to start all your equipment with battery charge and boost capability offering: 12V charge, 12V/24V boost
- Cast iron air pump (dual stage - 175 psi max)
- Reliable and easy starting fuel injected Kohler engine
- Electric start
- Auto throttle control
- Drive System Heavy duty belt drive system for anti-vibration and long service intervals
- Totally self contained, but can be integrated with the chassis for maximum versatility
- Available in either 30 gallon or remote tank configuration
- Integrated lift hook and battery tray
- Designed for easy maintenance and fuel efficiency
- Powder coated sheet metal
- Galvannealed steel

## **OPTIONS/ACCESSORIES**

- Remote mount control panel
- Weld cables - 25', 50'
- Welding helmet with auto-darkening lense
- Battery booster cables
- Cable extension - 25', 50'
- Electric fuel pump
- Fuel tank – slimline 11 gal
- Remote air tank options
- Remote condensation drain
- Cold weather kit
- Maintenance kit
- Dry cell battery
- Welding rods
